information was not intentional, and the information is private, confidential medical history that is irrelevant to the case at bar and unnecessary for its resolution. *Id.* 

## **3.** Argument

Under Local Civil Rule 5(g)(2), there is a strong presumption in favor of public access to the court's files. This request outweighs that presumption because the parties are not asking the court to seal the dispositive motions in this case and keep the issues at hand from public view, but only to seal the previously-filed motion to protect one sentence containing private medical information unnecessary for the resolution of this case. The parties agree that, after obtaining leave of court in this motion, the defendants will file an Amended Motion for Summary Judgment without the one sentence containing the private information, and that the Amended Motion should remain publicly available.

THEREFORE, IT IS HEREBY STIPULATED by and between Michael Wampold and Sara Ainsworth, counsel for plaintiff herein, and Robert M. McKenna, Attorney General, and Gary Andrews, Assistant Attorney General, counsel for defendants herein, that the defendants shall filed an Amended Defendants' Motion for Summary Judgment by Friday, March 26, 2010. This Amended Motion will supersede and replace the previously-filed Motion. The parties jointly request that the court seal defendant's Motion for Summary Judgment and Memorandum in Support, filed on March 23, 2010.
